

MOLESEY VETERAN HEAD COURSE LAYOUT

Key		Notes
	Location of St John Ambulance first-aiders	Solid white line with red arrows indicates the downstream racing line.
	Molesey Boat Club : An AED (automated external defibrillator) is located in the gym Millennium Boat House : An AED is located on the external wall of the club house	
	Safe points to exit the river. GPS coordinates are given in degrees, minutes and seconds (DMS) and decimal degrees (DD)	Dashed white line shows the course crews must take when arriving/leaving MBC and the marshalling area on the Surrey bank. A crossing point is highlighted near the Aquarius Sailing Club.
	NO ROWING : Red hatched areas are not to be used by crews at any time	
	Marshalling area, numbers indicate boat positions	Crews must row clockwise around the start buoy to the start through to the finish and continue back to the boating area at MBC. Crews must travel past MBC and turn upstream before returning to landing stage along the Surrey bank.
	WARNING : Potential hazard to crews on the water
